

about us

Description

- [About us](#)
- [Our vision](#)
- [Our mission](#)

Astrix Pharma is a market leader in the production of pharmaceuticals of the highest caliber, with a potent R & D division offering the best solutions.

Our company has offices in Sweden and France and has more than 15 years of experience in the production of high-quality and effective European products, including dietary supplements in a variety of combinations, medical devices, and their supply to the Middle East and the Arabian Gulf, particularly.

Other regions will be added soon as a result of our commitment to always providing the best.

- We established Astrix Pharma Industrial Company, a foreign investment, and we opened two factories in Al-Kharj to provide a product of Saudi origin with specifications that compete with the European product in terms of quality and price, in keeping with the vision of the kingdom of Saudi Arabia 2030 to localize strategic industries in the Kingdom.
- Astrix Pharma is the ideal location for anyone looking to establish their own brand, whether they are from Europe or Saudi Arabia. Its standards specifications challenge competition and it outperforms its rivals in offering services that are suitable for all aspects.
- Qualified staff members offer guidance for formula development, adherence to regional laws, and registration in accordance with the Saudi Food and Drug Authority in the field of dietary supplements and food for special usage.

In terms of labeling compliance with legislation, the consulting also covers medical devices and health and herbal items.

Astrix pharma company strives for the latest innovations, the latest technologies and medical solutions and provide them to its customers and meet the needs of the diverse market to always be the best, whether for European or Saudi products.

In an effort to satisfy the needs of a sizable base of consumers and earn their trust, we deliver items with European origin to the Arab Gulf countries and the Middle East at a price that is competitive. We do this by offering the best components and the highest quality at the lowest price.
